WOW What a Blast.

Just everything, from guns to cooking to Horses to a Campfire. We had just about everything yesterday. And as if that was not enough we finish the day with a concert. All I can say is WOW. I don't know about you but I slept great last night. A big thank you to all of the Facilities staff for getting all of the equipment right where we needed it. Also to our Quartermasters for a great day of dining.

Last night our Course Director said this about the days events, " . Just tears. Yup, he was finally speechless.

Mark Young (our ACD of Program) said, "If I could have just one wish come true, I wish we could have a 25 hour day. We all were having so much fun that I don't want it to stop." Then Bob had to say this, "I feel just like a President". *His definition of a President. Someone who surrounds himself with great people because he knows that it takes a bunch of people to have a great course.*
